Pussy Mania

Pussy Mania

Often referred to poetically as the "delta of venus," this mysterious, triangular-shaped area, nestling by the female crotch is what doubtless attracts virtually every man (and also many women) more than any other! What is it about the look of a woman's pussy, as it is affectionately called, that is so fascinating? In our topless age, why is this most feminine of all forbidden zones still strictly shielded from prying eyes? Who knows, who can say? However, it is common knowledge that nothing inspires erotic imagination more than this yummy triangle, which attracts voyeuristic looks as magically as the Bermuda Triangle attracts ships and aeroplanes. The incredible variety of shapes and colors, both inside and outside, featuring everything from bold hair styles to naked hairless pleasure, is simply breathtaking. It is almost as if the pussies are before our very eyes, glistening slightly, and we are virtually able to inhale their seductive scent or taste it; these pussies have been very skillfully photographed to set them off in the very best light. Enjoy! Didier Carré, Ludmilla Foblova, Emanuel Fouquet, Ulrich Grolla, J. Stephen Hicks, Dirk Krauzig, Chas Ray Krider, Karl Louis, Bryon Paul McCartney, Jean Najean, George Pitts, Katerina Rudlova, Jiri Ruzek, Jim Fredlund, Frank Sabino, Renee Azcra Woodward, Ragnar Gischas, Robert Baham, Carnish, Felix Kirsch, Günther Hagedorn, Stephan B., Dimitar Petrov, Mark Page, Jeremy Saffer, Veselin Valchev, Jürgen Wunderlich, Sabine Modotti, Igor Amelkovich, Stefan Schaal.
