A Photographic Guide to Snakes of Peninsular Malaysia, Singapore & Thailand Peter Paul van Dijk, Jarujin Nabhitabhata, Merel Cox, Kumthorn Thirakhupt

This useful compact, pocket-sized guide provides a comprehensive, up-to-date overview of the wide variety of snakes, lizards, crocodiles, turtles and tortoises to be found in Peninsular Malaysia, Singapore and Thailand. More than 220 species and subspecies are included. Each species account describes key identification features, habitat, behaviour and distribution, and is supported by a clear colour photograph taken where possible in the reptile's natural habitat. The guide looks at the more common reptiles as well as focusing on some of the rarer, and in some cases highly endangered, species.
