Single Parents & Dating: An Adventures in Single Parenting Book Len Mooney

Single parent dating is a complex topic that embodies a myriad of issues, questions and concerns. Should single parents date? How long should they wait after a divorce to start dating? What should they say to their kids? How should they go about introducing their dates to their kids? When should they introduce their date to their kids. How will the kids feel? What about intimacy? Should they try to live together? How well does that work? What to expect from the kids, the partner? How to handle integrating together single families with diverse interests. These and other sensitive issues are explored in this short, but hard hitting, straight to the point book that provides a guide for single parents who want to reenter the world of dating again..
