**A fascinating compilation of the life stories of perfectly ordinary people and the different paths they've taken on their spiritual journey searching for oneness, completeness, and unity**

From a rich variety of backgrounds, the people profiled here have been through extraordinary experiences leading to amazing new perceptions. They all shared a common sense of dissatisfaction with their lives and a longing for happiness, connection, health, love, fulfilling relationships, wealth, and freedom. As they reveal the means by which they each went about achieving an end to their suffering—from therapy to study with gurus, their stories range from funny to moving and tragic to inspiring, but there is a common element in their engagement with nonduality. In simple terms, nonduality means no separation—although it appears that there are separate individuals and objects in our world, in reality there is only oneness. It is this realization that has transformed the lives of these 26 ordinary men and women from many cultures and from a wide range of social, economic, and ethnic backgrounds. Here they share their insights and wisdom.
