## **Cultural Forces in World Politics** Ali A. Mazrui

Ali Mazrui argues that the emphasis in world politics continues to be on arms, on resources and on strategic calculations and that the importance of culture has been grossly underestimated. Professor Mazrui's own mind is a cultural cross-roads; he can give Islamic insights to Western audiences about The Satanic Verses; he relates the Beijing Spring to the Palestinian Intifada; he compares the effects of Zionism and Apartheid; he puts together Muhammad, Marx and market forces; and he tells the Americans that their attitude to the Third World is a dialogue of the deaf.
