A calendar collecting 12 very unique images of typical London street fronts. Most of the facades photographed for this calendar have never been seen this way before as they were created as a montage out of photographs from different viewpoints along the street. Included are typical London style streets from Chelsea, South Kensington, the West End and Camden with styles mostly ranging from Georgian to Victorian architecture. Some particular interesting street fronts are the Savoy, complete in one view, or the coloured faces of the shops along Camden High Street. Calvendo calendars are premium products - a bit more pricey than others but with added benefits: Our calendars always look beautiful on your wall because we produce them locally with premium paper and sophisticated spiral binding, ensuring easy turning of pages and flat hanging against the wall. A protective transparent plastic cover sheet provides added stability and each calendar comes in five languages. Treat yourself to a Calvendo calendar and you get something that looks better all year round.
