If you are asking Is he the right one for me? Are we compatible? Can you tell me more about him? Does this relationship have a chance? This is the book for you. The subject of love and relationships preoccupies so much of our time. People write about it, sing about it, talk about it, think about it, make movies about it and from all the attention we give it, one would assume the whole world revolves around it. No one has ever found the magic formula for true love and perhaps it will always remain a mystery. Numerology can at least help you understand just exactly who you are getting involved with and give you some ideas on compatibility. Numerology is the science of numbers. The day you were born and the name you were given at birth holds a great deal of information about you. Numerology uses ancient knowledge about the spiritual qualities of numbers found in your date of birth and name to do a character analysis which helps identify your personality traits, talents, likes and dislikes, as well as your challenges and opportunities. This book takes a light-hearted and entertaining look at love and relationships and how Numerology can help you to understand just exactly who you are getting involved with. People always put their best foot forward when beginning a relationship and it isn't until you have committed a great deal of time and effort into the relationship that other characteristics begin to emerge. If you have his Date of Birth, you can use this book to open up a whole world of information about him. Hopefully, this book will eliminate the phrase "If I only knew then what I know now" when it comes to love because this book will uncover some of the less obvious traits in your man from the very beginning. Trust me ladies. Now you can know.
