The new organization in this edition focuses on a hub system--a solid core of reference material and hands-on examples organized by areas of interest. Lead author Gary Bouton called on industry leaders to help flesh out every area of Photoshop interest from art to the web. Inside Photoshop 7 is your one-stop reference for understanding the concepts you need. Dozens of mini-tutorials and real-world assignments will make reading and learning from this book as much fun as the authors had creating it.

- Retouch and restore photos you thought couldn't be saved
- Get in touch with your otherworldly side and create out-of-this-world art in the Photoshop for Artists section.
