Stuart J. Foster

Typically referred to as the «red scare» or «McCarthy» era, the period from 1947 to 1954 proved particularly exacting for educators in America's public schools. *Red Alert!* details the profound impact that the red scare had on educational policy and practice as well as examines professional educators' cautious response to anti-communist repression. In particular, *Red Alert!* focuses on the work of the National Education Association's Defense Commission and its singular, and often fruitless, efforts to thwart red scare attack.
