Mark Johnson

Photodetection and Measurement: Maximizing Performance in Optical Systems Mark Johnson

This text takes an interdisciplinary approach to international business, building on the various business disciplines that make up the field. In-depth integration is provided throughout the book, as well as via a concluding section on international strategic alliances and a series of integrated case studies. The book is aimed at providing cutting-edge, rigorous knowledge, while incorporating a solid theoretical base and information from research and the corporate world in an accessible format.
