This book began as a series of discussions among the staff of our church. We were searching for an answer to help demystify the process of both engaging in the life of the church and making disciples. We were convinced and still are, that when the church (the people of God) functions in unison with the mission of God that great things can happen. That series of discussions led to brainstorming and writing up ideas and concepts, erasing ideas and concepts and starting all over again. This book is the compilation of the final product of that effort. We believe both the model (The 4G Church) of how a person moves through the life of a church and the engine (Plus 1 Living) that drives that model are game changers in simplifying biblical concepts into easily remembered and reproduced concepts that can be lived out practically every single day of your life.
