When we are born, each one of us is given a name - a name so unique and purposeful that each letter in it has certain vibrations and energies that correlate to the signs and planets of the zodiac. In her comprehensive guidebook, Linda Bender shares insight into an ancient science that explains the power and association of letters and words that allows others to unlock the secrets that lie hidden within a name, including who we are, why we are here, where we are going, and how we can get there. Bender, an astrologer and acrophonologist, relies on inclusive notes from fellow astrologer Pepe Applegate in order to offer practical tools that help students understand and analyze the vibrational qualities of a name and its relationship to the planets at the time of birth. After detailing the complex background of acrophonology, Bender provides step-by-step guidance on how to investigate the letters in a name and apply that knowledge to our own lives and personalities in order to create a happier existence. Acrophonology provides valuable information about unmistakable and repeated correlations between astrological factors in birth charts and letters in birth names that empowers anyone to heal from within and ultimately discover their true potential.
