**Before the World Intruded: Conquering the Past and Creating the Future, A Memoir** Michele Rosenthal

At the age of thirteen Michele Rosenthal survived such a rare, life-threatening illness none of her doctors had actually seen a case. Out of the hospital and making a full recovery, she believed if she only looked toward the future she could escape the trauma in her past. Twenty-five years later, however, the young girl had become a woman imprisoned by memories, fear and Post-Traumatic Stress Disorder. In a bid to reclaim her life and heal her soul Michele boldly left the world she knew in search of a self she could barely imagine. From New York City to South Florida she traveled on an odyssey that took her from the depths of despair to the heights of joy, from her kitchen floor to the dance floor, from a child frozen in helplessness to a woman who is powerful, courageous and free. In her transformation lie the seeds for anyone who wants to conquer the past and create the future. This transcendent book shows what can happen when you discover who you are and then choose who you most deeply want to be.
