Cells to Organ Systems (Building Blocks of Life Science 1/Hardcover) Joseph Midthun

This graphic nonfiction book introduces the cells, tissues, and organs of the human body. The Building Blocks of Life Science volumes feature whimsical characters to guide young readers through topics exploring the human body systems. Full-page or full-spread diagrams detail the different parts of each body system. The science is as sound as the presentation is fun! The volumes include a glossary, an additional resource list, and an index. Several spreads in each volume are illustrated with photographs to help clarify concepts and facts.
