From growing tails to talking ants, everything is just one big pickle in this fun collection of stories. In a box of chocolates, you never know what you're going to get next. Every chocolate has its very own surprise and taste, and so does every story in this book.

As wishes come true and uncles go cuckoo; snowy white clouds make everything misty and unclear. The gift of a king, the valour of a girl, the beauty of friendship, a golden drop of happiness – all these would play out in front of your eyes as you flip through the pages. The wrappers of a sweet gift would come undone, once you open this beautiful present... The question is, are you ready to be surprised and savour the different flavours, each one as delightful as the next?
