Written by a therapist for other therapists (and therapists in training), Basics of California Law takes the many nuances of California law and regulation and puts them in digestible, easy-to-apply language. It covers all three of California's major masters-level mental health professions: Marriage and Family Therapy, Professional Clinical Counseling, and Clinical Social Work. Topics covered include Scope of Practice, Licensing Requirements, Unprofessional Conduct, Informed Consent, Confidentiality and Privilege, Working with Minors (including detailed information on child abuse reporting), Working with Elders and Dependent Adults, Advertising, Technology, and Advocacy. The third edition is updated to 2015 law and professional ethical codes, and includes recent changes in law and regulations regarding records retention, child abuse reporting, advertising, disciplinary actions, and more. The text includes more than 400 footnotes identifying specific articles, links, and sections of California law and regulation that serve as reference material for this text. Basics of California Law for LMFTs, LPCCs, and LCSWs has been praised as "the comprehensive resource I've wanted for my graduate school courses" by Kathy Wexler, LMFT, LPCC. Diane Gehart, author of Mastering Competencies in Family Therapy, calls it "an indispensable resource for students, educators, and practicing clinicians." It is perfect for students learning about the state laws governing their profession, interns preparing for their licensing exams, and clinicians keeping current on state law. Author Benjamin E. Caldwell, PsyD is an Associate Professor in the COAMFTE-accredited Couple and Family Therapy graduate programs at Alliant International University in Los Angeles.
