Is it time for your church to go multisite? It seems everybody is doing it these days, so how do you know if it is the right solution for your congregation? *MultiChurch* brings clarity to the multisite movement and assembles the lessons it has learned over the past fifteen years. It explores the opportunities presented by the various forms of multi-site church, identifies areas of concern, and concludes that multisite is not only a biblically sound ecclesiological model, but also a model that provides a compelling solution to contemporary reductionism in the church.
