The Crackle of the Frost Lorenzo Mattotti, Jorge Zentner

Full-color graphic novel of love and loss from the co-creator of *Stigmata* and *The Raven*.

When confronted with his girlfriend's request that they have a child together, Samuel fled that relationship. But now, a year later, when he receives a letter from Alice announcing she is expecting a baby, old emotions flare up and he embarks on a long journey to see Alice again ? to re-open, or perhaps close forever, that important chapter of his life. *The Crackle of the Frost* is the story of what he sees, hears, experiences, and learns during that journey.

Last year, Fantagraphics presented the extraordinary *Stigmata*, a stunning display of Mattotti's whirling, emotional, black and white linework put in the service of a devastating story ? as well as his painted illustrations for Lou Reed's *The Raven*. *The Crackle of the Frost* ups the visual ante even on those masterpieces, combining the narrative drive of the former with the lush color illustrations of the latter to create a graphic-novel masterpiece with panel after panel of sumptuous full-color paintings, as if Edward Hopper had suddenly decided to jump into comics.
