Kirsten Franklin, Paul Muir, Terry Scott, Lara Wilcocks, Paul Yates

Introduction to Biological Physics for the Health and Life Sciences Kirsten Franklin, Paul Muir, Terry Scott, Lara Wilcocks, Paul Yates

This book aims to demystify fundamental biophysics for students in the health and biosciences required to study physics and to understand the mechanistic behaviour of biosystems. The text is well supplemented by worked conceptual examples that will constitute the main source for the students, while combining conceptual examples and practice problems with more quantitative examples and recent technological advances.
