The students often find Epidemiology to be very difficult to understand and more so to reproduce answers in the examinations. This book has been designed to tackle this problem. The chapters are presented in the form of lectures aimed to make the students feel as if a teacher is by their side and explaining each topic to them in simple language. For the purpose of reproducing answers in the examination, a 'Review' is presented at the end of each chapter. This 'Review' is in the textbook format and provides the language that can be used to answer questions in theory or oral exams.
