New Approaches to Neo-Kantianism

New Approaches to Neo-Kantianism

After the demise of German Idealism, Neo-Kantianism flourished as the defining philosophical movement of Continental Europe from the 1860s until the Weimar Republic. This collection of new essays by distinguished scholars offers a fresh examination of the many and enduring contributions that Neo-Kantianism has made to a diverse range of philosophical subjects. The essays discuss classical figures and themes, including the Marburg and Southwestern Schools, Cohen, Cassirer, Rickert, and Natorp's psychology. In addition they examine lesser-known topics, including the Neo-Kantian influence on theory of law, Husserlian phenomenology, Simmel's study of Rembrandt, Cassirer's philosophy of science, Cohen's philosophy of religion in relation to Rawls and Habermas, and Rickert's theory of number. This rich exploration of a major philosophical movement will interest scholars and upper-level students of Kant, twentieth-century philosophy, continental philosophy, sociology, and psychology.

Thomas Schroeder:

As a university student exactly feel bored in order to reading. If their teacher inquired them to go to the library or even make summary for some book, they are complained. Just tiny students that has reading's soul or real their hobby. They just do what the educator want, like asked to go to the library. They go to presently there but nothing reading really. Any students feel that reading through is not important, boring in addition to can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore this New Approaches to Neo-Kantianism can make you sense more interested to read.
