## **Taking Money Seriously** David Laidler

Putting the "matters" back into "money matters" is David Laidler's intent in this collection of ten essays on the role of monetary institutions in the development of monetary theory and the implications of these ideas for policy. Together, the essays provide a coherent and accessible introduction to the power and range of thinking by one of the world's leading monetary economists.

In *Taking Money Seriously* Laidler seeks to develop and sustain monetarist ideas of the 1960s in relationship to the new classical economics and to argue their continued policy relevance. Money matters, he points out, because monetary exchange rather than the Walrasian market coordinates economic activity in the real world.

Laidler's discussion of the costs of inflation points up the importance of money's means-of-exchange role and is followed by an extended critique of new classical economics. He devotes several chapters to policy issues, in which he asserts that the monetary system is a "public good" whose organization and control present inherently political problems.

David Laidler is Professor of Economics at the University of Western Ontario.

#### **Kristi Duncan:**

Is it an individual who having spare time subsequently spend it whole day by simply watching television programs or just lying down on the bed? Do you need something new? This Taking Money Seriously can be the answer, oh how comes? A book you know. You are and so out of date, spending your spare time by reading in this new era is common not a geek activity. So what these ebooks have than the others?

#### **Tania Hansen:**

As a pupil exactly feel bored to be able to reading. If their teacher requested them to go to the library or even make summary for some publication, they are complained. Just little students that has reading's heart and soul or real their leisure activity. They just do what the teacher want, like asked to go to the library. They go to at this time there but nothing reading seriously. Any students feel that reading is not important, boring and also can't see colorful pics on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this period, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore this Taking Money Seriously can make you sense more interested to read.
