Christianity and Reincarnation Rudolf Frieling

Reincarnation (whereby human beings return to live on earth) is a concept associated most often with Eastern philosophies rather than with Christianity. Yet, in this challenging book, Rudolf Frieling makes the case for the integration of reincarnation into a Christian worldview. He shows how an esoteric Christianity was re-enlivened through the spiritual research of Rudolf Steiner, asserting that theology dealing with the “end of days” has shown a gap between death and resurrection on the Last Day. Presenting the essence of Christianity, Frieling shows how this harmonizes with reincarnation, examining the relationship of reincarnation to the Bible.
