This children's numerology book offers the beginning of a new spiritual direction of parenting. Starting on January 1, 2000 every new born soul has at least one TWO vibration in their birth date. Our new millennium children are here to create peace and love on earth. They are all compassionate and nurturing. In a perfect world, we are born into a family which accepts our individuality at birth, recognizing our talents, traits and little quirks. As we grow up, we are encouraged to follow our dreams leading to the happy, healthy, fulfilled life we were intended to live. I believe that NUMEROLOGY can show you the path to create this perfect world where you can become the family which guides and mentors each of your individual children to live in harmony with their true nature. The information and guidance available in this book will not only aid parents; but grandparents, teachers, coaches, older siblings, babysitters, mentors, aunts and uncles in the development of the young souls arriving daily. Really everyone and anyone interested in the thoughts and actions of these new little angels on earth will find this book full of answers to why the children of today think and act the way they do with guidance for individual encouragement. After thirty years of studying numerology, Patty Blank has decided to change to world for the better starting with the children. She strongly believes if our parents had the knowledge of the numbers there would be more happiness in our adult lives today.
