## **Saucers, Swastikas and Psyops: A History of A Breakaway Civilization: Hidden Aerospace Technologies and Psychological Operations** Joseph P. Farrell

Oxford-educated historian Farrell continues his best-selling book series on suppressed technology, Nazi survival and the postwar psyops with his new book *Saucers, Swastikas and Psyops*. Farrell discusses SS Commando Otto Skorzeny; George Adamski; the alleged Hannebu and Vril craft of the Third Reich; The Strange Case of Dr. Hermann Oberth; Nazis in the US and their connections to "UFO contactees;" The Memes-an idea or behavior spread from person to person within a culture-are Implants; Adamski's ET Message: The Danger of Weaponized Gravity; and tons more.

What do the following things have in common: George Adamski, Fascists, Nazi scientists, American engineers, the CIA, the Wall Street Morgan interests, I.G. Farben, ITT, SS Commando Otto Skorzeny, the post-war Nazi International, American Intelligence and the Mafia Drug Lords? Answer: they are all components of a "breakaway civilization" seeking to protect its control over advanced technologies and to project itself into outer space while waging a covert war here on earth with the same advanced technologies-and the rest of humanity be damned. Join internationally-known researcher Joseph P. Farrell in this next chapter in his exposé of secret Nazi wartime and postwar research that he began in *The SS Brotherhood of the Bell* and *Nazi International*.
