Do you remember the last time you were intimate with someone for the first time? You know - the last time you saw the uncovered body of a specific woman for the first time. Remember what it was like to "explore her" like you'd just discovered the beauty of the female body for the first time? Come discover "girl-next-door" Jessica for the first time. Come explore every inch of her decidedly female form...bring back memories of someone you've explored before. Linger in those feelings! Author/photographer Gary Melton has captured that experience through his images, and placed them on the pages of Exploring Jessica: An Artistic Exploration of One Female Form. Gary's work is all about capturing light and shadow so that a photograph's two dimensions appear to be three. It's also about accentuating a woman's natural beauty, while still giving you hints of her sensuality. \*\* This is the Standard Edition \*\*
