REST API Design Rulebook (Paperback) - Common By (author) Mark Masse
The basic rules of REST APIs - "many nouns, few verbs, stick with HTTP" - seem easy, but that simplicity and power require discipline to work smoothly. This brief guide provides next steps for implementing complex projects on simple and extensible foundations.

From reader reviews:

James Drennan:

As people who live in the particular modest era should be revise about what going on or information even knowledge to make all of them keep up with the era that is certainly always change and advance. Some of you maybe will update themselves by reading through books. It is a good choice for you personally but the problems coming to a person is you don't know which one you should start with. This REST API Design Rulebook (Paperback) - Common is our recommendation to help you keep up with the world. Why, as this book serves what you want and wish in this era.

Robert Younger:

Exactly why? Because this REST API Design Rulebook (Paperback) - Common is an unordinary book that the inside of the book waiting for you to snap the item but latter it will distress you with the secret the idea inside. Reading this book close to it was fantastic author who write the book in such remarkable way makes the content interior easier to understand, entertaining technique but still convey the meaning completely. So , it is good for you because of not hesitating having this ever again or you going to regret it. This excellent book will give you a lot of gains than the other book have got such as help improving your expertise and your critical thinking means. So , still want to delay having that book? If I have been you I will go to the reserve store hurriedly.

Lenora Dryer:

Is it a person who having spare time then spend it whole day simply by watching television programs or just laying on the bed? Do you need something new? This REST API Design Rulebook (Paperback) - Common can be the solution, oh how comes? A book you know. You are and so out of date, spending your time by reading in this new era is common not a geek activity. So what these ebooks have than the others?

Samuel Crader:

As a student exactly feel bored to be able to reading. If their teacher requested them to go to the library in order to make summary for some e-book, they are complained. Just very little students that has reading's soul or real their leisure activity. They just do what the trainer want, like asked to go to the library. They go to at this time there but nothing reading seriously. Any students feel that reading through is not important, boring and can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important for you. As we know that on this era, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. So , this REST API Design Rulebook (Paperback) - Common can make you really feel more interested to read.
