On Your Marx: Relinking Socialism and the Left Randy Martin

Why-and how-does Marx speak to our day? Seeking to reestablish the link between Marx, socialism, and the Left, this book negotiates the common ground between orthodox marxism and postmarxism to show how a reading of Marx elaborates the present. More than a claim about how Marx might be read for relevance, this book is also a forceful statement about how theory relates to political project and organization.

What, Randy Martin asks, does Marx have to say to the discourses of radical democracy, postmodernism, and globalization-all of which purport to solve problems that emerge in Marx's writings? A reading of Marx can in fact disclose the limitations of the contemporary modes of criticism, identifying the difficult conceptual problems that cannot be avoided or overcome. Using readings of Marx to restage contemporary political discussions, *On Your Marx* reengages orthodox and postmarxist understandings in a critical and constructive conversation. In doing so, the book points to powerful new alliances between cultural and political theorists and activists, opening new possibilities for mobilization and social justice. Randy Martin is associate dean of faculty and interdisciplinary programs and professor of art and public policy at Tisch School of the Arts, New York University. He is also the coeditor of the journal *Social Text*.
